

We're calling on charitable organizations

Family Counseling • Homeless Shelter • Scouting • Parks and Recreation • Volunteer Fire Department and others

We have an opportunity for you!

The Baltimore Life Companies' Community Grants Program

Now, in its eleventh year, Baltimore Life's *Community Grants Program* has helped many organizations such as yours. The ability to award \$500 to organizations that support services such as family counseling and the upkeep of playgrounds has proven to be worthwhile in the continuance of humanitarian deeds.

To be eligible for the grant, your organization must meet the IRS's eligibility requirements under IRC Section 501(c)(3)¹. Acceptable organizations also include libraries, senior centers, homeless shelters, or other organizations under the direction of governmental agencies.

Special consideration is given to projects and programs that assist distressed families, enhance public safety and the community, and combat community deterioration.

Religious organizations are not eligible, except in instances where a religious organization houses a non-denominational charity such as a soup kitchen or homeless shelter.

Our agencies throughout Pennsylvania and in Maryland are eager to give you \$500 in grant money! All it takes is for you to complete the enclosed straight-forward application. *Every charity could use a few extra dollars to help a cause.*

ACT FAST! A limited number of grants are awarded per agency. All applications must be received in our local agency office no later than Friday, October 14, 2011 for consideration.

Put our money to work in your community!

Testimonials:

Your program helped **"individuals with mental retardation by providing them with continual opportunities..."** (Beth S., Lycoming County)

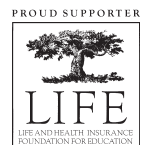

Your grant...**"has been designated to two such outreach programs..."** (Randall K., Harrisburg)

Your money **"will be used to purchase...two booklets that will be distributed to our clients to promote healthy pregnancies and healthy babies..."** (Clare F., Edensburg)

Established in 1882, The Baltimore Life Insurance Company insures individuals, families and businesses, providing financial protection to middle income consumers in 49 states and the District of Columbia.

Baltimore Life conducts business with openness and integrity. We strive to make a positive difference in the lives of our policyholders, associates, and in the communities we serve. Above all, we are committed to a conservative, disciplined financial strategy, recognizing that "it's the policyholders' money."
